Township OKs tax breaks for Laser Dynamics

Posted by The Grand Rapids Press February 12, 2008 09:48AM
Categories: Breaking News, Business

ALLENDALE TOWNSHIP -- The Township Board on Monday night approved two 12-year tax abatements totaling \$3.57 million for Laser Dynamics Inc., 4881 Allen Park Drive.

The 8-year-old company completed a 20,000-square-foot addition to its 28,000-square-foot facility in November and plans to add six full-time jobs to its work force of 45 over the next two years, co-owner Ken Koster said.

The firm has about 240 active customers, and one of its major growth industries is mounts for flat-screen televisions. Laser also makes equipment for office furniture and hospital beds.
